# **SVAT AL100 Personal Digital Alcohol Breath Tester**

The **SVAT AL100 Personal Digital Alcohol Breath Tester** measures Blood Alcohol Content (BAC) in a matter of seconds to help you determine if you or a friend should drive. It is small and compact so you can take it anywhere you go. Ensure your safety and the safety of others who may be driving with you. If you measure over the legal limit call a cab or find an alternate way home. If you are hosting a get together use this to test guests you suspect to be impaired and to protect your liability by ensuring they do not drive home.

Use the AL100 to maintain your well-being and that of your friends and family and to maintain peace of mind for everyone. The AL100 comes with two AA batteries and is immediately ready for use. It also comes with a carrying strap for convenience and portability. The size and functioning of the AL100 makes testing discrete and displays an immediate digital reading on the back-lit LCD screen.
